**FOR IMMEDIATE RELEASE**

**Girls Inc. of Pinellas Is Preparing for 10 Weeks of STEAM Programming for  
Pinellas County Girls  
Partnership Opportunities Available**

Pinellas Park, FL (July 7, 2020) – We are excited to announce that this Fall, Girls Inc of Pinellas county will be launching our *Full STEAM Ahead!* programming for girls in Kindergarten through 12th grades. This full 10 weeks of dedicated after school programming is designed to inspire girls to pursue leadership roles in STEAM-focused fields.

Each of the ten weeks will be focused on a specific area of STEAM (science, technology, engineering, arts, mathematics). We will be collaborating with ten industry leaders for this afterschool programming that will take place from October 5th through December 18th.

Girls Inc of Pinellas is seeking proven leaders in each of the respective industries to become one of ten corporate sponsors. Program information and sponsorship opportunities are conveniently accessible at their website <https://girlsinc-pinellas.org/>

Girls will have experiential learning opportunities that include:

- Training in our Girls Inc STEAM-focused curriculum
- Completing a full project from inception to prototype
- Meet leaders in their field of interest and gain understanding of what a day in the life of a leader in the STEAM industries is like

We look forward to engaging and partnering with the community as we continue to prepare young girls for the world of work, today and tomorrow.

*Serving the community since 1961, Girls Inc. of Pinellas focuses on providing high-level academic enrichment activities aimed at giving girls the skills necessary to be successful. Girls Inc. of Pinellas serves girls ages 5 – 18. In collaboration with our local schools and corporate partners, we give girls the opportunity to enhance their skills by providing experiential, hands-on activities, giving them leadership roles, helping them learn about healthier living, and allowing them to explore in the safety of all-girl space.*
